

Movie Theatre - Student Rates

FOR the purpose of urging Maryland movie theatre owners to study the feasibility of instituting student rates.

The Maryland movie theatres offer a valuable and varied program of entertainment to the citizens of Maryland and it is recognized that a large number of potential theatre goers exist among the young students of Maryland.

These students are presently treated as adults when it comes to paying full price for admission but are treated as minors when it comes to a censor's determination of the picture content.

In a period of ever increasing prices it is more and more difficult for these young, unemployed or part-time employed students to regularly afford the present price of the many good movies now available at local theatres.

It is possible that one solution to alleviating the present juvenile crime problem and to keep many of our young people occupied is to permit them to spend an increased amount of time at our local theatres; now, therefore, be it

RESOLVED BY THE GENERAL ASSEMBLY OF MARYLAND, That the Maryland movie theatre owners are urged to study the feasibility of instituting student rates; and be it further
