REVISOR'S NOTE: This section presently appears as Art. 66 1/2, §1-181(a). It is made a separate section to permit proper alphabetical placement.

In subsection (a) of this section, the term "school bus" is deleted as unnecessary in light of the definition of that term in §11-153 of this subtitle. Also, the present description of the use to which the vehicle is put is deleted as unnecessary; it has been included in §11-154 of this subtitle, which defines "school vehicle" generally.

Also, in subsection (a)(3), the term "passengers" is substituted for "persons" to clarify that the specified seating capacity is intended to be exclusive of the driver.
