No. 21

(House Joint Resolution 74)

A House Joint Resolution concerning

Environmental Protection Agency Unleaded Gasoline Laws

FOR the purpose of requesting the nation's major oil companies to inform their customers of the legal penalties that gasoline station operators face for putting leaded gasoline into automobiles or vehicles that require unleaded fuel.

WHEREAS, The Environmental Protection Agency of the United States of America enforces regulations requiring that only unleaded fuel be used in automobiles or vehicles designated for unleaded fuel use; and

WHEREAS, The Environmental Protection Agency enforces these regulations through court proceedings; and

WHEREAS, Several municipal subdivisions within the United States as well as the United States Postal Service have been cited or fined for violating gasoline regulations; and

WHEREAS, Environmental Protection Agency Assistant Administrator for Enforcement, Marvin B. During, has requested the nation's major oil companies to inform their customers of the legal penalties that gasoline station operators face for putting leaded gasoline into automobiles or vehicles that require unleaded fuel; and
