

interest, or an insufficient quantity is available; generally relating to the use of steel manufactured in the United States on public works; providing for the recovery of certain payments; and providing definitions.

May 29, 1978

Honorable Steny H. Hoyer
President of the Senate
State House
Annapolis, Maryland 21404

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have today vetoed Senate Bill 1056.

This bill requires each public agency in Maryland, under certain conditions, to require the use of American steel in all public works contracts.

House Bill 1659, which was enacted by the General Assembly and signed by me on May 29, 1978, accomplishes the same purpose. In addition, House Bill 1659 limits the "Buy American Steel" requirement to those public agency contracts that are "advertised for bid". A similar provision is not contained in Senate Bill 1056.

Since the purpose of Senate Bill 1056 is accomplished by the enactment and signing of House Bill 1659, and for the reason given for preferring the language of the House Bill, I have decided to veto Senate Bill 1056.

Sincerely,
Blair Lee III
Acting Governor

Senate Bill No. 1109 - Recordation of Deeds - Certification
of Payment of Municipal Taxes

AN ACT concerning

Recordation of Deeds - Certification of Payment of
Municipal Taxes

FOR the purpose of requiring that a certification of the payment of municipal taxes, assessments, and charges be attached to a deed under certain circumstances, with the exception of ~~certain counties~~ a certain county:
