

a minimum, require:

(i) Notification to the receiving hospital before the transfer and confirmation by that hospital that the patient meets that hospital's admissions criteria relating to appropriate bed, physician, and other services necessary to treat the patient;

(ii) The use of medically appropriate life-support measures that a reasonable and prudent physician exercising ordinary care would use to stabilize the patient before transfer and to sustain the patient during the transfer;

(iii) The provision of appropriate personnel and equipment that a reasonable and prudent physician exercising ordinary care would use for the transfer; and

(iv) The transfer of all necessary records for continuing the care for the patient.

DRAFTER'S NOTE:

Error: Misnomer and extraneous punctuation in § 19-308.2(a)(2).

Occurred: Ch. 849, Acts of 1986.

19-310.

(b) (1) In accordance with [§§ 5-202 and 5-203] § 5-202 of this article, when an individual dies in a hospital, the hospital administrator or a designee of the hospital administrator shall request, with sensitivity, in the order of stated priority, that the individual's representative consent to the donation of all or any of the decedent's organs or tissues as an anatomical donation if suitable.

DRAFTER'S NOTE:

Error: Obsolete cross-reference in § 19-310(b)(1) of the Health - General Article.

Occurred: § 5-203 of the Health - General Article was repealed by Ch. 327, Acts of 1982.

(e) After consultation with the Maryland Hospital Association, INC., the Maryland Organ Procurement Center, the Medical and Chirurgical Faculty of the State of Maryland, the Maryland Tissue [Bank] BANK, Inc., the Health Facilities Association of Maryland, and Tissue Banks International, the Secretary shall publish guidelines designed to facilitate implementation of this section, including guidelines for recording objections under subsection (b) of this section.
