

programs and units of State government that are responsible for the overall administration, management, and operations of the ~~land and water resources of the State~~ inspection programs for consumer and environmental protection.

(3) The plan and legislation shall also include provisions for the elimination or modification of overlapping and duplicative inspection units, programs, and services and unnecessary managerial and employee positions in existence on or before October 1, 1993.

SECTION 3. AND BE IT FURTHER ENACTED, That the plan required by this Act shall contain specific proposals related to:

(1) inspection services, programs, or functions currently offered or performed by the Department of Agriculture, the Department of the Environment, or the Office of the Comptroller that shall:

(i) become fiscally self-sustaining through the imposition or enhancement of application, registration, license, service, or other appropriate fees;

(ii) be eliminated because they are no longer in demand or are duplicated elsewhere;

(iii) be transferred to other agencies currently responsible for related public charges;

(iv) by consolidation or cross-training be reduced in size, staffing, and other financial requirements while still maintaining the essential nature of the inspection service, program, or function; and

(v) by privatization shift the delivery of inspection services or programs from the public sector to the private sector; and

(2) any other areas in which financial savings may be realized through the internal realignment of functions, including personnel and procurement.

SECTION 4. AND BE IT FURTHER ENACTED, That Section 1 of this Act shall take effect July 1, 1994.

SECTION 5. AND BE IT FURTHER ENACTED, That Sections 2 and 3 of this Act shall take effect June 1, 1993.

Approved May 27, 1993.
