

General Fund Appropriation, provided that the \$3 million increase, over the FY 1993 revised appropriation for the Extended Elementary Education Program be distributed in the same proportion as anticipated by the department in January of 1993 when it estimated the distribution for the \$6 million increase.

Further provided that at least \$240,000 of these funds be used to fund at least four sites in the State that provide for a public/private partnership to integrate extended elementary education program services with child care programs. It is the intent of the General Assembly that the Maryland State Department of Education award these funds on a pilot basis to determine the feasibility of providing integrated programs that allow for a full day of services to preschool students. The department should, to the greatest extent practicable, establish pilot sites in different geographic regions of the State.....
