MILITARY DEPARTMENT

It is the intent of the General Assembly that all eligible veterans shall be honored for their service to the State and their country in accordance with Section 6 of Article 65. Furthermore the General Assembly intends to fully fund, at the level necessary, the expenses associated with the provision of this benefit to eligible veterans in recognition of their service and sacrifice to the State. The General Assembly is concerned about the lack of federal participation in these military burial honors and urges the federal government to appropriate funds to cover the expense of honor guards. Should federal funds become available it is expected that the Military Department will use federal funds before using State general funds to cover these expenses.
