

DELEGATE GALLAGHER: It is already printed. It would not read beginning on line 28, "The General Assembly shall enact either the commission plan or a congressional redistricting plan of its own".

THE PRESIDENT: Very well. We can do it simply by voting against the Committee Recommendation, but since the amendment is printed you might as well go ahead.

Will the Pages please distribute Amendment W?

This is going to be confusing. No, do not distribute W, please. Just simply call for a separate vote on section 3.22. Otherwise it will be very confusing.

Delegate Burdette.

DELEGATE BURDETTE: I wondered if the Chairman of the Committee would consider in that matter the word "enact" in the original. I have no objection to his motion whatever, but the word "enact" has been used by the Committee on Style to mean action only by the General Assembly, but it leaves vagueness in terms. I am a little uncertain as to whether or not it means enact by law, or the General Assembly by law.

THE PRESIDENT: Delegate Gallagher.

DELEGATE GALLAGHER: What I would prefer to do would be when we reach 3.22 on the seriatum consideration they will decide it, and I will talk to you about it.

DELEGATE BURDETTE: All right.

THE PRESIDENT: Are there any further amendments as to style?

The Chair has also previously announced to a number of delegates, all that it could find who were leaders on both sides of the dispute as to single member districts, that for the same reasons it would be desirable to have the consideration of these sections also made a special order of business Tuesday.

In addition to the reasons given, we are, I am very much afraid, running very close to a flu epidemic. We are having more and more delegates come down with a sudden sore throat and fever. They appear to be scheduled for recovery by Tuesday.

I think it is highly desirable that on these issues where the vote is likely to be close that we do it at a stated hour when as nearly as possible all delegates would be here, as otherwise we will simply have re-considerations.

The Chair therefore at this time recognizes Delegate Powers for the purpose of moving that consideration of sections 3.03, 3.04, and 3.23 be separated from the Committee Recommendation LB-1, 2 and 3 and made a special order of business for next Tuesday.

Delegate Powers.

DELEGATE POWERS: Mr. President, I believe that rather than a motion it is a request and the request may be granted at the discretion of the Chair. Therefore I request that sections 3.03 and 3.04 of the Committee Recommendation S&D-16 dealing with LB-1 on the subject of composition of the General Assembly and legislative districts, be divided so that these two sections may be considered separately from the remainder of the report.

THE PRESIDENT: The Chair rules that it is divisible. They will be separated.

Did you cover also 3.23?

DELEGATE POWERS: No, I did not.

THE PRESIDENT: Very well.

DELEGATE POWERS: Now, Mr. President, I further request that section 3.23 of the Committee Recommendation S&D-16, General Application of Laws, be divided so that this section may be considered separately from the remainder of the report.

THE PRESIDENT: The Chair rules that the section is divisible.

DELEGATE POWERS: I now move, Mr. President, that sections 3.03 and 3.04, as previously referred to, and section 3.23, be made a special order for Tuesday, January 2, immediately following the matters that have previously been made a special order for 2:00 p.m. on that date.

THE PRESIDENT: Is there a second?

*(Whereupon, the motion was duly seconded.)*

THE PRESIDENT: Delegate Johnson.

DELEGATE JOHNSON: Mr. President, there is a technical problem that has been created in the Suffrage and Election article that has a bearing at least on section 3.06 of the legislative article.

I will not take the time of the Convention to go into detail at this particular time, because Chairman Koss is going to try to work out the problem, and it is a possibility that it could be resolved. However, inasmuch as section 3.06 is affected
