c Baltimore City Stock Credits, \$1,314,330, on shares held in counties.

d Baltimore City Stock Credits, \$1,249,974, on shares held in counties.

The difference between Baltimore City Stock Credits of this table and those of "Table B" is that prior to 1930 the assessment of shares of corporations enumerated in columns 5, 8, and 9 were certified to the Appeal Tax Court and credits for City Stock were deducted by the City Tax Collector. Since that time the law provides that the credits be deducted by this commission before certification to the Appeal Tax Court.

e The difference between this item and that for County purposes is \$663,320, securities of Jacob Tome Institute which are exempt from County taxation.

f The difference between this item and that for County purposes is \$677,485, shares of the Delmarva Power Company which are exempt from County taxation.

Assessments in columns 1, 2, 3, and 11 are made by the County Commissioners in the respective counties, and by the Appeal Tax Court in Baltimore City.

Assessments in columns 4, 5, 6, 7, 8, 9, 10, and 12 are made by the State Tax Commission.
