

Institute for Children

Mariano Veiga, M.D., Director

This Center provides intensive inpatient psychiatric treatment for children who are seriously emotionally ill. The Institute consists of the Esther Loring Richards Building opened in 1958 and the Jacob E. Finesinger Building opened in 1961. Children requiring either short or long term care are admitted up to their thirteenth birth date.

The basic differences between the pathology of the mentally retarded and that of the emotionally disturbed make necessary separate clinical programs and budgets. Nevertheless, the Center is part of Rosewood and its population, appropriations and staff are included in the figures given below.

The budget for Rosewood is predicated upon a population of 2,550 for the fiscal year 1965 and 2,656 for the fiscal year 1966.

General Funds	\$6,466,380	\$7,002,500
