The State Department of Legislative Reference was originally created by Chapter 565, Acts of 1906, to serve the City of Baltimore. The scope of the Department was enlarged so that it would also serve the State by Chapter 474, Acts of 1916. By Chapter 453, Acts of 1965, the State's portion of the Department was transferred to the Legislative Branch. The present Department dates its current organization from Chapter 571, Acts of 1966, which separated this Department from the department of the same name in Baltimore City.

The Department collects, compiles, and indexes information on all questions of proposed legislation. It investigates and reports on the laws of Maryland and other states at the request of the Governor, any committee or member of the General Assembly, or any State agency. At the request of a member of the General Assembly, the Department prepares or aids in the drafting of any law or resolution. Each department of the State government must transmit to the Department of Legislative Reference at least two copies of each of its reports, which are used for exchange and reference purposes. The Department keeps a complete index and a complete file on all bills introduced in the General Assembly from
