The Department of General Services traces its origins to the Central Purchasing Bureau formed in 1920 (Chapter 184, Acts of 1920). Its immediate predecessor agency was the Department of Public Improvements, established in 1947 (Chapter 171, Acts of 1947). The Department of General Services was created in 1970 (Chapter 97, Acts of 1970). The Department combined the functions of several State agencies, including the Central Purchasing Bureau, the Board of Architectural Review, the Superintendent of Public Buildings and Grounds, the Department of Public Improvements, and the Bureau of Control Surveys and Maps (Code State Finance and Procurement Article, secs. 4-101 through 4-808).
