The Board of Boiler Rules was established in 1920 (Chapter 676, Acts of 1920). The Board formulates definitions, rules, and regulations for the safe construction, use, installation, maintenance, repair, and inspection of boilers and pressure vessels for sale or for use in Maryland.

The Board is composed of eight members. Seven are appointed to four-year terms by the Governor with the advice of the Secretary of Licensing and Regulation and Senate advice and consent. Of the appointed members, one each represents the owners and users of power boilers, the owners and users of heating boilers, the owners and users of pressure vessels, the manufacturers or assemblers of boilers or pressure vessels, and a company licensed to insure boilers or pressure vessels. One must be a mechanical engineer on the faculty of a recognized engineering college, and one must be a licensed professional engineer with boiler or pressure vessel experience. An eighth member is appointed by the Secretary to represent consumers. The Commissioner of Labor and Industry serves as an ex officio, nonvoting member. With the advice of the Secretary, the Governor designates the chairperson. Authorization for the Board continues until July 1, 1994 (Code 1957, Art. 48, secs. 167-180A).

SPECIAL ADVISORY COMMITTEE ON ELEVATORS

Rudolph S. Stewart, *Chairperson*

Appointed by Commissioner of Labor & Industry: John F. Bender; Christopher G. Cromwell; Frank J. Dabkowski; Rudolph Gondeck; David M. Hammerman; W. William Hammett; Kenneth Mike Rafferty; Robert L. Seymour; John W. Starliper; E. Eugene Stiffler; Harry Wellens; one vacancy.

333-4184

The Special Advisory Committee on Elevators was created in 1975 to provide the Commissioner of Labor and Industry with expertise, knowledge, and technical data on elevators, dumbwaiters, escalators, and moving walks (Code 1957, Art. 89, sec. 31(f)). The Committee assists the Commissioner in the formulation of regulations and standards for elevators, dumbwaiters, escalators, and moving walks.

The Commissioner of Labor and Industry appoints the Committee's thirteen members who represent State agencies, elevator contractors, elevator manufacturers, elevator installers, building owners/managers, and the public.

ADVISORY COMMITTEE ON SAFETY TRAINING PROGRAMS FOR POWER EQUIPMENT OPERATORS

Appointed by Governor: not yet appointed

Ex officio: Henry Koellein, Jr., Commissioner of Labor & Industry

333-4184

The Advisory Committee on Safety Training Programs for Power Equipment Operators was created in 1990 (Chapter 481, Acts of 1990). The Commissioner of Labor and Industry convenes with the Advisory Committee to review the safety and training of power equipment operators.

In consultation with the Advisory Committee, the Commissioner of Labor and Industry is to develop a model program for employers to use in training power equipment operators, as well as an education program for employers about safety training. With the advice of the Advisory Committee, the Commissioner also will devise a statistical format for collecting data on serious accidents and fatalities involving power equipment operators, and a methodology for determining the causes of such accidents and deaths.

The Advisory Committee has eleven members. Ten are appointed by the Governor and one serves ex officio (Code 1957, Art. 89, sec. 33A).
