The Injured Workers' Insurance Fund began in 1914 as the State Accident Fund, established as part of the State Industrial Accident Commission (Chapter 800, Acts of 1914). As the Commissioners of the State Accident Fund, it was made a separate agency in 1941 (Chapter 504, Acts of 1941). Formerly under the Commissioner of Personnel, the agency was made part of the Department of Personnel in 1970 (Chapter 98, Acts of 1970). The Commissioners of the State Accident Fund became an independent State agency on July 1, 1988 (Chapter 585, Acts of 1987). In 1990, it was renamed the Injured Workers' Insurance Fund (Chapter 71, Acts of 1990).

The Injured Workers' Insurance Fund insures those employers who are unable or choose not to obtain insurance from private companies, and who are not self-insurers. The Fund also acts as claims administrator for all State employees for Workers' Compensation Insurance.

As required by the Workers' Compensation Law, employers carry insurance through the Fund to pay claims arising from accidents and injuries to their employees. All expenses of the Fund are paid out of income from premiums paid and interest on Fund investments. The State Treasury is prepaid for operating expenses of the Fund.

The Board for the Injured Workers' Insurance Fund consists of seven members. They are appointed to five-year terms by the Governor with Senate advice and consent (Code Labor and Employment Article, secs. 10-101 through 10-141).

STATE EMPLOYEES RISK MANAGEMENT ADMINISTRATION

Robert E. Costante, Ph.D., *Director*
 (410) 494-2021

The State Employees Risk Management Administration began in 1981 as the Risk Management Department of the Commissioners of the State Accident Fund under the Department of Personnel. After the Commissioners of the State Accident Fund became an independent agency in 1988, the State Employees Risk Management Administration was formed under it. The Administration was established in August 1989 by the Governor (Executive Order 01.01.1989.15). Through the Administration, the Injured Workers' Insurance Fund plans, designs, implements, controls, and evaluates the provisions of the Governor's Executive Order concerned with reducing the risks of occupational injuries for State employees. The Administration is aided by the Maryland State Employees Risk Management Advisory Council.
