Organized in 1945, the Maryland Judicial Conference considers the status of judicial business in the various courts and improvements to court practice and procedure. It evaluates and recommends legislation and discusses proposals to improve the administration of justice and the judicial system in Maryland.

The Conference consists of all judges of the Court of Appeals, the Court of Special Appeals, the Circuit Courts, and the District Court of Maryland. The Chief Judge of the Court of Appeals serves as chair, and the State Court Administrator as executive secretary. Annually, the Conference meets in plenary session (Maryland Rule 1226).
