

myself for the present with the publication of the list of names, as per Table No. 21. It will be my duty within the present year to make these settlements in every case. The arrearages from this source, it is supposed, will not vary much from one hundred thousand dollars.

It will be seen by reference to the Tables that the arrearages due to the State by various accountants, including interest due from Collectors, exceed the sum of eleven hundred thousand dollars, to be reduced by insolvents of various kinds, to the extent of one hundred and fifty, or perhaps two hundred thousand dollars.

By Resolution No. 20, of 1862, the Comptroller was directed to bring suit upon the Bonds of all persons indebted to the State, within thirty days after the passage of the Resolution. In compliance with the Resolution a large number of accounts have been placed in the hands of State's Attorneys, and are in process of collection, as directed by the Legislature.

The different branches of the revenue, will be found in the Appendix, under the appropriate heads, and need not further be referred to.

During the past year a much better system of accounting has been obtained from various officers of the State; and an accountability much more closely in accordance with the requirements of the laws has been reached. During the present year, it is anticipated that further improvement will be made in this respect.

I have the honor to be, your obedient servant,

S. S. MAFFIT,
Comptroller.
