

I call your attention to Statement "DD" showing the operation of the emergency gross receipts tax for the first six months, which we believe represents approximately 42% of what will be the full realization from this Act, which will expire March 31st, 1936.

This report also contains Statement "BB" showing the operation of the License Bureau, and Statement "CC" showing the operation of the Alcoholic Beverages Act, to all of which I invite your attention.

This office has received satisfactory co-operation from all connected with the various departments.

Respectfully submitted,

WM. S. GORDY, JR.,

*Comptroller.*
