Aircraft.

1927, ch. 637, sec. 1.

1. (Definition of Terms.) In this sub-title, "aircraft" includes balloon, airplane, hydroplane, and every other vehicle used for navigation through the air. A hydroplane, while at rest on water and while being operated on or immediately above water, shall be governed by the rules regarding water navigation; while being operated through the air otherwise than immediately above water, it shall be treated as an aircraft.

"Aeronaut" includes aviator, pilot, balloonist, and every other person having any part in the operation of aircraft while in flight.

"Passenger" includes any person riding in an aircraft, but having no part in its operation.

1927, ch. 637, sec. 2.

2. (Sovereignty in Space.) Sovereignty in the space above the lands and waters of this State is declared to rest in the State, except where granted to and assumed by the United States pursuant to a constitutional grant from the people of this State.
