#### REPORT:

The undersigned, a portion of the Committee appointed by the Legislature to present and urge the favorable consideration of its resolutions upon Presidents Lincoln and Davis, beg leave to report:

That the manifest purpose of those resolutions, was, in the opinion of your Committee, to secure, if possible, through the instrumentality of Maryland, peace to our distracted country; and if failing in that, then a cessation of hostilities on the part of the armies of the Federal and Confederate troops until Congress should express its opinion on the subjects, which now agitate the people. These purposes being defeated by the movement of Federal troops on Virginia and an active commencement of hostilities, we have considered our mission as ended, and therefore have not felt authorized on the part of the sovereign State of Maryland to present a request which has in advance been repudiated.
