No. 4.

Joint Resolution relative to the death of the late Professor Otto Fuchs.

SECTION 1. *Be it resolved by the General Assembly of Maryland,* That its members have heard with the keenest sensibility the distressing intelligence that the useful and honored life of Professor Otto Fuchs, of the Maryland Institute Schools of Art and Design, has come to an end. Gifted beyond the ordinary measure of human endowments, irproachable in point of character, placed by his talents and attainments in a situation that enabled him to leave a deep impress upon the minds and energies of many pupils whose careers, creditable both to themselves and the State, have borne indisputable testimony to the worth of such a preceptor, it is meet that this action of the General Assembly of Maryland should enduringly attest the high position that he won in the confidence and gratitude of the community whose higher welfare he did so much to promote.

Death of Prof.
Otto Fuchs.
