The State Department of Education shall not expend funds for any job or position of employment approved in this budget in the corrections education program in excess of 171 positions, including full-time equivalent, special payments, contractual positions, and temporary employment service contractor positions (defined as the quotient of the sum of the days worked by all such employees in the fiscal year divided by 245) of the total authorized amount established in the budget for the State Department of Education at any one time during fiscal year 1986. The State Superintendent of Schools should utilize his prerogatives under "Education Article Section 2-103," to implement this provision, provided, however, that any authorized job or position to be filled above the 171 ceiling, including all full-time equivalent positions, as detailed above, is approved by the Board of Public Works and counted against the limitation imposed by the General Assembly. The establishment of new jobs or positions not authorized in the fiscal year 1986 budget shall be subject to Article 78A, Section 16B(a) and the limitation imposed by the General Assembly.
