Your esteemed favor of the 10th instant has been received. I feel much gratified by the expression of General Talbot's cordial and obliging communication by you as well as by your own interest in connection with the services which it was the good fortune of the officers and company of this company to have it in their power to perform in the name of good order and safety, and in upholding to the best of their ability the laws of a sister Commonwealth in the late emergency. Best assured that an all future occasion, should any such
