Merchants & owners of Vessels

AN Association having been formed by a number of master Ship-Carpenters, under the denomination of 'The Baltimore Shipwrights' for the purpose of executing in the most expeditious and workmanlike manner any commissions in the said line of business—they hereby solicit a share of public patronage, and inform that JAMES CONWAY, their president, and JAMES WHEEDEN and WILLIAM DREYMOND, superintendents, on Fell's Point, are prepared to receive all orders which merchants, captains or others may favor them with. They will for the present conduct their business, on the wharf occupied by J. Wheeler, adjoining Mr. Jno. Hollins's wharf, where they will always be provided with spare spars and other outfit, to furnish at the shortest notice and on the most moderate terms. It is deemed expedient to notice, that all the persons forming this association are masters of their business, and as they intend to receive, personally, to give their personal attention in executing work for their employers, it is fondly hoped, that on this score they will claim a preference from those who make it an object to have their orders done in a satisfactory manner. N. B. They have now on hand, a sufficiency of well seasoned stuff for the building of several vessels. June 20

VENEREAL COMPLAINTS.

AS DR. WARNER'S practice has been very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vendred or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the best physicians both in Europe and America. Complaints of the urinary passages and debility thereof, from various causes and accidents removed in the shortest possible space of time.—As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint. Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicine so prepared that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet. N. B. Dr. Warner has removed from Bond-street, to Cumberland Row, No. 64, below the Marsh-market. July 1

The Public

ARE respectfully informed that Messrs. Warner & Hanna are appointed by Dr. Solomon, of Liverpool, the sole and only agents in Baltimore, for his justly celebrated medicines, the "Balm of Gilead" and "Anti Impetigines."

Just Received

A FRESH SUPPLY OF THE Cordial Balm of Gilead,

WHICH is prepared (only) by the sole proprietor and inventor, S. SOLOMON, M. D. author of "The Guide to Health," and other valuable works, at his house, Solomon's Place, Broadway-street, Liverpool. The train of melancholic disorders which afflict the human frame, under the denomination of nervous distress, are the principal source of human misery in the privation of health. These disorders proceed from such an infinite variety, and complication of causes, as to render it impossible, if even it were always necessary, to trace them to their true source. The effects however, but too well known and too severely felt amongst the great portion of mankind; and to these effects, without exaggeration, are asserted, that any remedy superior or more efficacious in efficacy than Dr. Solomon's Cordial Balm of Gilead, never has been discovered. In all the late, weak and relaxed constitutions, nervous distress, hypochondria, horrors, tremblings, loss of memory, impaired vigor, tabes dorsalis, nervous consumptions and the numberless symptoms of impaired and tottering constitutions, whether arising from a state of inactivity, intemperance or intemperance to health.—By the strict perseverance in its use, it cheers, braces, and invigorates the whole nervous system, and gives a new tone to all the vital functions, of which, numerous instances can be vouched. The remedy, the day I've tried, the day they first applied to this admirable remedy, and enjoy the blessings of health, which might otherwise have dropped into an untimely grave, the victim of an early infirmity. AN AFFECTIONABLE CASE. Lieut. Col. C. LEITCH, of Ross Lodge, Durburton, (uncle to James C. McQuinn, esq. M. R. Rosedale House, Durburton) has received the most extraordinary benefit from Dr. Solomon's Cordial Balm of Gilead in a nervous complaint, at a time when very alarming symptoms of weakness of many years standing, occasioned by great exertion and fatigue during a long campaign in the last American war; many unsuccessful remedies, recommended by the most eminent in the profession, were tried, which would be too tedious to recapitulate; suffice it to say, that the Cordial Balm of Gilead was the only remedy that had the long wished for effect. So sensible is the Cordial of the great efficacy of this medicine, that he has generously given Doctor Solomon permission to make use of his name in recommending the Cordial Balm of Gilead, as a most valuable, safe, and efficacious medicine in all cases of weakness or relaxation of the nervous system, &c. The Cordial Balm of Gilead is sold in bottles, price 3 dollars each (with directions) or 12 in a case, at 30 dollars, whereby there is a saving of 6 dollars. ALSO, THE Celebrated Anti-impetigines. Being a safe, salutary and specific remedy for the scurvy, scrofula, rheumatism, St. Anthony's fire, warts, king's evil, gutta serena, venereal piles, and all disorders originating in impurity of the blood. Prepared by S. S. SOLOMON, M. D. of Liverpool, author of "The Guide to Health," &c. The lamentable state in which the patient arrived at this day with respect to the Venereal Disease, cannot be better described than it is in Dr. Bell's Preface to his Treatise. He says, that although much information may be obtained from two works just published on this complaint, as well as some other sources, here is still much left for others to disclose. He goes on, and says, "such is the effect of this experience and observation, that further advantages are daily accruing from the labors of individuals in this disease, as well as to almost every other." Here then is a confession from a candid, worthy and respectable surgeon, founded on experience and observation, that further advantages are daily accruing from the labors of individuals in this disease, as well as to almost every other." Here then is a confession from a candid, worthy and respectable surgeon, founded on experience and observation, that further advantages are daily accruing from the labors of individuals in this disease, as well as to almost every other." if so, who can claim so great a portion of praise as Dr. Solomon, whose labors have been indelible, and who has at a great expense brought the Anti-impetigines to perfection, and into universal use and request?—In conclusion, his liberality and education, possessing public confidence, as clergymen of unsullied reputation have recommended numerous objects of those cruel diseases, the scrofula, king's evil, &c. to Dr. Solomon's care to whom this wonderful remedy was applied with the most unbounded success; and those who were reduced to the very jaws of death by mercury and the Venereal Disease have been snatched from destruction and restored to their relations and friends, with renovated health and vigor, and those bone which were almost starting through the skin, are covered with flesh, firm and healthy! Such are the virtues of the Anti-impetigines, and such are its wonderful effects upon the human body!—The antidote to mercury, and the purifier of the blood and lymph. W. & H. have for sale a few copies of Dr. Solomon's Guide to Health or advice to both sexes—Price 1 dollar. July 10

Baltimore and Ann Arundel

BRIDGE COMPANY.

NOTICE IS HEREBY GIVEN, That the commissioners, appointed by law, for opening subscriptions for a capital Stock of Nine Hundred Shares, of One Hundred Dollars each Share, for the purpose of building a Bridge across the River Patapsco, at the place where the Lower Ferry is now kept, called Portland, in Baltimore county, over said river into Ann Arundel county—Will proceed to open subscriptions, at the house of Mr. Wm. EVANS, in the city of Baltimore, on MONDAY, the 30th day of July next, and continue open for three days, from 10 o'clock, A. M. until 3 o'clock, P. M. in each day; and at the counting house of Jouis MORA, esq. in the city of Annapolis, on the same days and hours above mentioned—and the said subscription shall remain open for those three days at the above respective places, and if it shall appear that more than the stipulated number of Shares should be subscribed for on the above three days, then the Commissioners are to apportion them among the subscribers, by deducting from the highest subscriptions until they are reduced to the proper number; or if more persons subscribe than there are shares, then the Commissioners are to resort to decide to whom they shall belong. But if the shares should not be all subscribed on the above three first days, then the Commissioners will again open the subscriptions on Monday the 6th day of August next, at the aforesaid places and hours in the city of Baltimore, and city of Annapolis, and permit any person or persons, bodies corporate or otherwise, to subscribe for any number of shares, until the whole number of nine hundred shares is completed, and then the commissioners will issue receipts to whom the shares may be long, mentioning therein the receipt of 5 dollars, in part of their subscription, which must be paid in cash, on each share, at the time of subscribing; the other payments will be called for by the directors chosen from the stockholders as the bridge expenditures require, agreeably to the terms and conditions expressed in the law. The Commissioners beg leave to remark, that for the satisfaction and information of the public, they have had the road run by Mr. John Boulding, the best suited plat of which is lodged at Mr. Evans's, whereby it will appear, that the distance from Mr. Evans's tavern, in the city of Baltimore, to the Ferry landing, at Portland, is 2 1/2 miles and 70 perches, from thence across the river is 4 of a mile and 4 1/2 perches, and from the foot of the contemplated bridge on the Ann Arundel side of the river, in a straight line to Snowden's bridge, at the Furnace, where it intersects the present Federal road, is 16 3/4 miles and 60 perches, and this over remarkably level, dry, even country—Thus we shall be enabled to travel from Baltimore to Washington, the Federal City, in 39 miles, besides the great superiority of road, whereas the present road is generally estimated at 45 miles. These natural advantages, added to a liberal law and charter of incorporation to this Bridge Company, by the legislature of Maryland, at their last session, who viewed it as of the utmost importance to the interest of the city of Baltimore and Ann Arundel county, as well as to the public in general, most assuredly prove a pecuniary fund to the stockholders. WILLIAM GOODWIN, BETLIE-HOFFMAN, JUNR. GUMB'D DUGAN, RICHARD CROMWELL, SENR. THOMAS LEE, HENRY HALL DORSEY, Commissioners. May 31
