American Printed Goods, CALICOES, SHAWLS and POCKET HANDKERCHIEFS manufactured by the subscribers near this city, are offered to the dealers in those articles, at No. 13, Calvert-street, two doors above Lovely lane. Their assortment is yet small, but growing—and it was not thought well to decline advertising the public on that account, at a period when so many traders from the country visit the city, to make their usual purchases; and who may, before another season, be informed of the comparative merit and prices of their goods, with those imported. The Messrs. Lannays who conduct the printing work, have been regularly bred to the business under their father, who held, if not the largest, one of the best screened factories formerly in France; and they have for several years owned and managed one for themselves. From their knowledge of the business, as generally done in Europe, they feel warranted in saying, that work of the like kind shall be as well executed here as there—the colors capable of being fixed, will be found as permanent, and equal in other respects. The quality of the goods they hope will recommend them, and trust they will be found cheaper than the imported. To counteract a prejudice and distrust often existing against new undertakings, and some times cherished by men who feel a national as well as an individual interest to defeat them, they have enlarged more than was desirable or necessary in a simple advertisement. M'COLLOCH & LANNAYS, No. 13, Calvert-street. Two or three boys will be taken as apprentices to the Calico printing business. June 2

Baltimore and Ann Arundel BRIDGE COMPANY. NOTICE IS HEREBY GIVEN, That the Commissioners, appointed by law, for opening subscriptions for a Capital Stock of Nine Hundred Shares, of One Hundred Dollars each Share, for the purpose of building a Bridge across the River Patuxent, at the place where the Lower Ferry is now kept, called Portland, in Baltimore county, over said river into Ann Arundel county—Will proceed to open subscriptions, at the house of Mr. WM. EVANS, in the city of Baltimore, on MONDAY, the 30th day of July next, and continue open for three days, from 10 o'clock, A. M. until 3 o'clock, P. M. in each day; and at the counting house of JOHN MITCHELL, in the city of Annapolis, on the same days and hours above mentioned—and the said subscription shall remain open for three three days at the above respective places, and if it shall appear that more than the stipulated number of Shares should be subscribed for on the above three days, then the Commissioners are to appoint from the highest subscriptions until they are reduced to the proper number; or if more persons subscribe than there are shares, then the Commissioners are to cast lots to decide to whom they shall belong. But if the shares should not be all subscribed on the above three days, then the Commissioners will again open the subscriptions on Monday the 6th day of August next, at the aforesaid places and hours in the city of Baltimore, and city of Annapolis, and permit any person or persons, bodies corporate or otherwise to subscribe for any number of shares, until the whole number of nine hundred shares is completed, and then the Commissioners will issue receipts to whom the shares may be taken, mentioning therein the receipt of 5 dollars, in part of their subscription, which must be paid in cash, on each share, at the time of subscribing; and the other payments will be called for by the directors chosen from the stock holders at the bridge expenditure, require, agreeably to the terms and conditions expressed in the law. The Commissioners beg leave to remark, that for the establishment and information of the public, they have had the road run by Mr. John Boulding, his attest'd plat of which is lodged at Mr. Evans's, whereby it will appear, that the distance from Mr. Evans's tavern, in the city of Baltimore, to the Ferry landing, at Portland, is 2 1/2 miles and 70 perches, from thence across the river is 1/4 of a mile and 4 1/2 perches, and from the foot of the completed bridge on the Ann Arundel side of the river, in a straight line to Snowden's bridge, at the Furnace, where it intersects the present Federal road, is 16 3/4 miles and 6 perches, and his over remarkably level, dry, even country—Thus we shall be enabled to travel from Baltimore to Washington, the Federal City, in 39 miles, besides the great superiority of road, whereas the present road is generally estimated at 45 miles. Those natural advantages, added to a liberal law and charter of incorporation to this Bridge Company, by the legislature of Maryland, at their last session, who viewed it as of the utmost importance to the interest of the city of Baltimore and Ann Arundel county, as well as to the public in general, most assuredly prove a productive fund to the stockholders.
