DENTIST, LATELY FROM LONDON, MOST respectfully informs the Ladies and Gentlemen of Baltimore, that he sets natural and artificial Teeth on an entire new principle, with ligatures, springs, and pivots, or on plates of gold, in such a manner as the nicest eye of discernment on the closest inspection, cannot properly discover that there was ever any derangement, so that the Teeth are not only a beautiful complexion but perfectly useful. The tartar which is so destructive to Teeth, that it not only blackens, but if neglected, will entirely destroy them, he removes without injuring the enamel, and restores them to their native whiteness.
